

LeishVet is pleased to announce its First LeishVet UP! Event, Update for Practitioners, in Bled, Slovenia

The LeishVet Group will organize its first Update for Practitioners (LeishVet UP!) as a presential event in the beautiful setting of **Bled from 16th to 17th October, 2026**. This event is part of **LeishVet's continuing education programme**, a scientific event fully dedicated to veterinary professionals, uniting all of the members of LeishVet as well as some of the top experts on leishmaniosis.

Leishvet UP! will focus on the latest news on canine and feline leishmaniosis, specifically on diagnostic approach, treatment and preventive measures based on real clinical cases. On this occasion, we will not be presenting abstracts on research results or clinical cases. The event has been designed to give the participants the opportunity to join the experts and members of LeishVet.

The event will take place at the **Rikli Balance Hotel**, by Bled's lake, just 35 km from Ljubljana Airport. All presentations will be at the hotel and a Social Dinner will be organised as part of the registration package.

All the information about **LeishVet UP!** will be published on LeishVet's main website (www.leishvet.org) as well as on social media. If you have any queries regarding the event, please contact us at social@leishvet.org

LeishVet UP!
See you in Bled!
